Directions

*Pork Neck (Taiwan Premium)

- ◇ Thaw the Matsuzaka pig to absorb the surface moisture, draw a knife against the grain, and marinate with the formula
- ◇ The reverse-grain knife helps the pork not to curl, and shortens the marinating time more effectively
- ◇ Refrigerate and marinate for at least 24 hours before use
- ◇ This recipe does not have a lot of soy sauce and sugar, to avoid high temperature burnt black
- ◇ Use low humidity and high temperature heat conduction to make Matsusaka pork roast crispy and colorful
