Directions

- ◇ It is recommended to soak in water and drain when using wooden skewers, but not to use iron skewers
- ◇ Season and marinate the chicken wings for 4 hours, then absorb the water and set aside
- ◇ The butterfly knife in the chicken wings is cut in half from the middle, and then connected in half, using wooden skewers to skewer
- ◇ It is recommended to use an omelette pan to make it. The omelette pan does not need to be preheated, and it can be cooked directly in the oven
- ◇ The hole size of the chicken wing string omelette plate is just right, use deep frying until golden brown
